

Notice of Variation – 2026/27 Port Terminal Services Agreement and Reference Prices

Pursuant to clause 23 of the *Competition and Consumer (Industry Code – Port Terminal Access (Bulk Wheat)) Regulation 2014* (**Code**), Bunge provides this notice of variation to its Port Terminal Services Agreement in respect of the 2026/27 season (**Standard Terms**) and the reference prices outlined in its Pricing, Procedures & Protocols Manual (**Pricing Manual**). These variations will take effect on and from 7th October 2026.

The amendments to the Standard Terms include minor changes to the 2025/26 season Port Terminal Services Agreement following a comprehensive review.

The key changes to the Standard Terms include:

- clarifying that 'In Store Transfers' are subject to the transferee being bound by or agreeing to be bound by an agreement on the same terms of the agreement;
- providing that other than court proceedings for urgent interlocutory relief, a party must not start court proceedings in respect of the Dispute unless it has complied with the dispute resolution provisions;
- updates to the liability and indemnity provisions, including as to the definition of 'Indirect or Consequential Loss';
- providing that, in the event that Bunge varies the agreement in relation to a 'Regulatory Change Event', the client does not need to accept the agreement as varied within a defined period, provided that client is financially, commercially or operationally disadvantaged as a result of the variation; and
- an update to the PPSR provisions.
