1. APPLICATION OF TERMS AND CONDITIONS

- 1.1 These terms and conditions (as amended from time to time) (**Terms**) apply to the provision by Bunge Operations Pty Ltd (ABN 88 007 556 256) (**Bunge**) to a Customer of Services during the Service Year.
- 1.2 Unless otherwise expressly stated, if any inconsistency arises between these Terms and any other of Bunge's terms and conditions, these Terms prevail to the extent of that inconsistency.
- 1.3 The Customer is deemed to have unconditionally accepted and agreed to be bound by these Terms as soon as the Customer, or its Deliverer, obtains Services from Bunge in the Service Year in respect of a Load (noting that these Terms are published on the Bunge Website and can be viewed via the Bunge App).
- 1.4 These Terms do not apply to traders and marketers (including Grain Buyers) who have signed or are otherwise deemed to be bound by Bunge's Storage & Handling, Port Terminal Services Agreement and/or any other agreement allowing access to Bunge's Sites for the Service Year.

2. SERVICES AND CHARGES

- 2.1 Bunge agrees to perform the Services, and the Customer agrees to accept the Services and pay the Charges, on these Terms.
- 2.2 Bunge does not represent, warrant or guarantee (expressly or impliedly) that:
 - A. it will provide any minimum or maximum quantity or quality of Services to the Customer during the Service Year; and

- B. all or any portion of the Services will be offered at each Site, but Bunge agrees to take all reasonable steps to keep the Customer informed of all Services offered at a Site during the Service Year.

- 3.1 The Customer must provide or submit to Bunge a Delivery Declaration signed by the Customer or its Deliverer, or a Digital Delivery Declaration Electronically Executed by the Customer or its Deliverer, which is completed and provides all information required by that form.
- 3.2 By agreement to these Terms and delivery of a Load, the Customer additionally warrants that none of the Grain in that Load:
 - A. has been treated with any:
 - i. insecticide, pesticide or other chemical or seed treatment contrary to any label requirements or instructions or otherwise that results or could result in the Customer's Grain exceeding any applicable Maximum Residue Limit (unless declared otherwise in writing to, and approved in writing by, Bunge before the Load enters the Site); or
 - ii. pickling compound;
 - B. has any other inherent vice or feature that would affect the ability of Bunge to outturn the Grain at the Grade in respect of which the Grain is received by Bunge;
 - C. has been manipulated or loaded in any way to prevent the making of an accurate assessment

- by Bunge of the Grade, quality of the Grain and/or weight of a Load using Bunge's standard operating procedures;
 - D. contains any foreign materials (including any physical, chemical contaminants, insect or vermin); and
 - E. will be the subject of any security interest (as that term is used in the PPSA).
- 3.3 The Customer acknowledges that Bunge is entitled to rely on the warranties made by the Delivery Declaration or Digital Delivery Declaration, and by agreement to these Terms, and that Bunge will be entitled to deal with the Customer's Load in accordance with these Terms, including pursuant to section 27.4, where that Load is in contravention of any of these warranties.

 - D. the Customer is not acquiring the Services for personal, domestic or household use;
 - E. it will (or will procure its Deliverer to) review all information provided by Bunge at a Site in respect of a Load and confirm its accuracy prior to tipping the Load and ensure that such information is consistent with the information provided on the Customer's Delivery Card, the Delivery Declaration (or Digital Delivery Declaration, as applicable) and Customer details on Ezigrain and/or the Bunge App; and

- F. it has ensured that its Deliverer is fully aware of these Terms and any other information required by the Customer (or the Deliverer on the Customer's behalf) in order to receive the Services (including any Site restrictions, or the Bunge Policies).

- 4.2 Where assurances and warranties given by the Customer under these Terms are not otherwise specifically made on a particular date, they are deemed to be made by the Customer on the date of delivery of a Load and each subsequent request by the Customer for a particular Service.
- 4.3 Without limiting the Customer's liability under these Terms (including for any breach of warranty in section 3), the Customer must notify Bunge as soon as possible upon becoming aware of any fact or circumstance, or likely fact or circumstance, that does, may, or could potentially be expected to, give rise to a breach of the warranties made under these Terms.

5. BUNGE'S RIGHTS

- 5.1 Bunge may refuse to provide, or impose additional conditions on the provision of, Services in respect of any Load of any Customer on any reasonable grounds, including reasonable grounds relating to:
- A. contamination, quality, hygiene, misleading information or safety (whether in respect of the relevant Load or any previous Load delivered by the Customer or a Deliverer and regardless of whether the Load is or was delivered by the Deliverer as agent for that particular Customer or otherwise);
 - B. Bunge's Road Vehicle Hygiene Requirements;

- 5.2 Bunge will take reasonable steps to inform the Customer of the reasons for the refusal to provide Services or imposing of additional conditions on the provision of Services.

6. POSTHARVEST GROWER RECEIVAL

- 6.1 The Customer acknowledges that any request for Receival Services in respect of current Season Grain from 1 February in that Service Year (or such other date notified by Bunge from time to time for all or any particular Sites) will be received as a postharvest delivery.
- 6.2 Without limiting the requirements of postharvest delivery, the Customer acknowledges that:
- A. A Postharvest Declaration Form is required to be completed and signed by the Customer and/or Deliverer for each parcel of the Customer's Grain intending to be delivered;
 - B. Each Load is required to be presented with a Delivery Declaration signed by the Customer and/or Deliverer, or be subject of a Digital Delivery Declaration Electronically Executed by the Customer and/or Deliverer;
 - C. At the reasonable request of Bunge, a composite sample may be required for the purpose of chemical residue testing prior to delivery; and
 - D. Bunge may (acting reasonably) amend the postharvest delivery date in the Service Year for all or any sites at any by publishing a new date through any one or more of the Bunge Communication Tools.

7. CONTAMINATION

- 7.1 The Customer must not deliver or attempt to deliver a Load that contains any Contaminant, including any Load (whether delivered by the Customer, its Deliverer or any other person including previous owner) that has previously been rejected by Bunge at a Site.

- 7.2 Without limiting section 31, if any Contaminant is discovered by Bunge in a Customer's Load (whether on receipt, during sampling or unloading or in storage):

- A. the Customer must compensate Bunge for any Loss suffered or incurred by Bunge (or any third party users of the applicable Site) arising from or in connection with the contaminated Load. The Customer acknowledges that this could include Loss relating to: stock loss (at Fair Market Value at the time of breach of section 7.1), receipt costs, cleaning or vacuuming costs, transportation costs, segregation costs, storage costs, outturn costs, tramping, labour dumping, administration expenses and any other associated costs and expenses;
- B. the Customer must as soon as possible provide to Bunge details of the Customer's insurer and the insurance policy or policies the Customer has in place to cover any Loss;
- C. Bunge may deal with the Customer's Load in accordance with these Terms, including pursuant to section 27.4;
- D. The Customer must comply with any procedures Bunge (acting reasonably) deems appropriate to recover its Loss, mitigate any imminent risk, and resolve issues caused by the Customer's delivery in breach of section 7.1;

- 7.3 The Customer acknowledges that in the event the Customer has insurance to cover Loss, Bunge may engage with the Customer's insurer and put forward to the Customer's insurer any Loss Bunge has suffered.

8. POSSESSION, RISK AND TITLE

- 8.1 Subject to sections 8.2 and 8.3, Bunge will be deemed to take legal possession as bailee of a Load from the Customer as bailor subject to these Terms at that point in time at which the Load is tipped into Bunge's receipt grid.
- 8.2 Subject to section 8.3, a Load will be at the risk of the Customer in all respects until the Customer or its Deliverer has been presented with, and has signed or Electronically Executed (as applicable), a completed Delivery Declaration or Digital Delivery Declaration and a completed Weighnote in respect of that Load directing whether the Load is sold to a

nominated Grain Buyer or is being warehoused under these Terms.

- 8.3 If the Customer warehouses the whole or part of a Load:
- A. the risk of loss of such whole or part of a Load occasioned by theft, fire, flood and contamination not caused or contributed by an act or omission of the Customer, will be assumed by Bunge; and
 - B. the risk of loss of such whole or part of a Load or contamination, caused by or attributable to the Customer or its Deliverer, and all other risks, will be assumed by the Customer, and should be insured against by the Customer.
- 8.4 Bunge does not acquire title to the whole or any part of a Load by virtue of receipt of Load subject to these Terms.
- 8.5 The Customer represents that prior to tipping a Load it has reviewed and considered (or has procured its Deliverer to review and consider) all information on a Weighnote (including Delivery Card, classification, variety, quality, weight and Recorded Price) and agrees that, in the absence of any proven error, the Weighnote is accurate and will be deemed to have been accepted by the Customer (including on receipt and/or acceptance by a Customer's Deliverer).
- 8.6 The Customer agrees that the tonnage held and described in Ezigrain is to the value specified to three decimal places (.000), but that the tonnage will only be calculated to two decimal places (rounded up or down) when transferred. The Customer further agrees that, when outturned, the tonnage will only be calculated to two decimal places and rounded down on the basis that outturn cannot exceed ownership.

9. SEGREGATIONS

The Customer acknowledges and agrees that:

- 9.1 Bunge is entitled to change the Segregations of Grain open at each Site at any time.
- 9.2 Bunge has no obligation to make any or all Segregations available at any one or more Sites.
- 9.3 It is the Customer's responsibility to be aware of Segregations available at a Site. Bunge will take reasonable steps to notify any change to Segregations open at each Site via Bunge Communication Tools during the Season.

- 9.4 The Customer has independently accepted the classification into the available Segregation at a Site at any given time.

10. COMMON STOCKING

- 10.1 Bunge may Common Stock Grain of a Customer.
- 10.2 Title to Common Stocked Grain is held jointly by the relevant Customer in the proportions that each Customer's quantity of the Grain bears to the total common Stocked Grain.
- 10.3 While Bunge has possession of the Customer's Grain:
 - A. the relationship between Bunge and the Customer in respect of the possession of the Customer's Grain is one of bailment subject to these Terms; and
 - B. that relationship will continue to exist despite the Customer's Grain losing its identity by being Common Stocked, or the inability of Bunge to redeliver to the Customer the particular Customer's Grain the subject of the bailment; and
 - C. Subject to the Customer's Outturn Right, Bunge may at its reasonable discretion manage, use, move, transfer, borrow, deal and/or control the Customer's Grain including deal in any such manner that Bunge reasonably considers necessary for the efficient operation of the relevant Site and the balancing of the interests of all users of that Site and the Grain industry generally.

11. SITE POLICIES & PROCEDURES

- 11.1 The Customer must comply (and must ensure that its Deliverer complies) with all safety, health and environmental, access and security policies and procedures, including Bunge safety inductions and procedures, the requirement to obtain a Safety Card or Site Pass, and the Bunge Road Vehicle Hygiene Requirements and otherwise any operating conditions or restrictions applicable to a Site as published at the Site or as otherwise notified by Bunge from time to time including through publication through Bunge Communication Tools (**Bunge Policies**).
- 11.2 Without limiting section 11.1, the Customer must (and must ensure that its Deliverer does):
 - A. comply with any reasonable directions of Bunge or its personnel; and

- B. avoid or minimise unreasonable interference with the passage of people and vehicles and the operations or activities carried out at the Site.

11.3 The Customer acknowledges that:

- A. it, or its Deliverer, may be prevented from entering all or any specific Site if Bunge has reasonable grounds to believe that a Customer (or its Deliverer) has breached, or is likely to breach any Bunge Policy or any Laws in any material respect and Bunge will take reasonable steps to inform the Customer or the Deliverer of the reason(s) for doing so;
- B. it, or its Deliverer, agrees to comply with all reasonable directions of Bunge in respect of the breach or likely breach; and
- C. Bunge may provide the details of the Customer, the Deliverer, the breach, or likely breach, to any Government authority responsible for the enforcement of any relevant Laws.

12.RECORDS

12.1 In the absence of any proven error, Bunge's records (including any Weighnote) concerning the quantity or quality of Grain that is, or has been, the subject of Services and the receipt of that Grain will be deemed to be accurate, final and conclusive.

12.2 Notwithstanding that Bunge may provide hard copies of records (including Weighnotes) to the Customer, the Customer acknowledges that Bunge has no responsibility for ensuring that such records continue to exist in a legible state after providing them to the Customer.

13.OUTTURN RIGHT AND SHRINKAGE

13.1 Subject to section 13.3 and 13.4 and the Customer making all payments required under section 27, the Customer is entitled to outturn Grain up to and including the amount of Grain delivered for and on behalf of the Customer to Sites.

13.2 The Customer agrees that the tonnage held and described in Ezigrain is to the value specified to three decimal places (.000), but that the tonnage will only be calculated to two decimal places rounded down when outturned on the basis that outturn cannot exceed ownership.

13.3 The Outturn Right is subject to a weight deduction for:

- A. shrinkage in accordance with the allowance set out in Schedule 1;
- B. any loss, damage or destruction of Grain the risk of which is assumed by the Customer under these Terms;
- C. the weight of any Grain previously outturned or otherwise the subject of a Transfer In-store; and
- D. the weight of any Grain transferred, reasonably written-off or otherwise dealt with by Bunge in accordance with these Terms (including sections 17, 18, 19, 21, 27 and 28).

13.4 Bunge may refuse or delay acting pursuant to an outturn request where Bunge considers, acting reasonably:

- A. the request does not provide sufficient notification and/ or details of the relevant outturn (including quality or quantity); or
- B. the following circumstances arise or may arise:
 - i. unavailability of Grain due to routine fumigation;
 - ii. breakdown or unavailability of machinery;
 - iii. unavailability of resources as a result of other Site related operations;
 - iv. the unsuitability of the storage unit;
 - v. the Customer owes a material amount of monies to Bunge on any account whatsoever or otherwise there exists a lien or temporary hold over the Grain the subject of the outturn request;
 - vi. it is contrary to any Bunge Policies (including the conditions of an Export Select Only Site);
 - vii. failure of the Customer in any material respect to pay any Charges relating to or in connection with the Services; or
 - viii. if the outturn is prevented or delayed because of circumstances outside Bunge's control and without substantial fault or negligence of Bunge (including by reason of a Force Majeure Event); or
- C. if Bunge has received notice from a person claiming to hold an interest in, to or over the Customer's Grain; or
- D. the request is, in Bunge's reasonable opinion, contrary to any Laws, aimed at circumventing any Laws or otherwise will be detrimental to the Grain industry in general,
- E. a material risk to the safety of the public, Bunge employees or Bunge property may

exist at the time of the outturn or shortly thereafter or as a consequence of the outturn, and Bunge will not be liable for, and the Customer must not make any claim in respect of, any Loss suffered or incurred by the Customer arising from or in connection with such a refusal or delay by Bunge of the outturn request.

13.5 Without limiting section 13.4, in making any decision whether to accept an outturn request;

- A. Bunge will have regard to the efficient running operation of the relevant Site and the balancing of the interests of all users of that Site and the Grain industry generally; and
- B. where the Customer has not caused or contributed to the circumstances giving rise to the refusal or delay, Bunge will use reasonable endeavours to mitigate any Loss suffered by the Customer.

13.6 The Customer acknowledges that Bunge may regrade to a non-malting Grade any malting Grade barley (and/or Common Stock any such barley, including in a manner which regrades that barley) that remains in a Bunge Site after 31 March following the end of the Season, such right being necessary having regard to the quality characteristics of any malting Grade barley remaining in storage for an extended period of time, and Bunge will not be liable for, and the Customer must not make any claim in respect of, any Loss suffered or incurred by the Customer arising from or in connection with Bunge acting under this section 13.6.

14. OUTTURN

14.1 Subject to anything to the contrary in these Terms, Bunge is entitled to:

- A. outturn to the Customer (or any person nominated by the Customer) Grain of the same quality and quantity to the value specified to two decimal places rounded down as warehoused by the Customer or acquired by the Customer by Transfer In-store;
- B. outturn at any Bunge Site as reasonably determined by Bunge and not necessarily the Site of Origin at which the Customer elected to warehouse the Customer's Grain or acquired the Grain by Transfer In-store. Note costs as per section 16.2 may apply.
- C. For the avoidance of doubt:

- if the Customer's Grain is outturned from a site that is not the Site of Origin any of the Customer's Grain that remains at the site that is not the Site of Origin will be transferred back to the Site of Origin.
- a Transfer In-store from a site that is not the Site of Origin, is not permitted i.e. a Customer is not permitted to Transfer In-store, for the purpose of selling Grain, if the Grain is not at the Site of Origin.

14.2 The Customer agrees that the tonnage held and described in Ezigrain is to the value specified to three decimal places (.000), but that the tonnage will only be calculated to two decimal places rounded down when outturned on the basis that outturn cannot exceed ownership.

14.3 Bunge may acting reasonably disallow domestic outturns, or if the Customer's Grain remains at the site from 1 August immediately following the Season, Bunge may declare the Customer's Grain as Export Select Only and subject to terms and conditions of Export Select.

14.4 Without the prior written approval or arrangement (which will not be unreasonably delayed or withheld), at an Export Select Only Site, no domestic outturning is permissible and the Customer must familiarise themselves with important conditions relating to Movements, obligations of the Customer and Bunge's rights in respect of warehoused Grain (refer section 16 Movements in these Terms).

14.5 In the absence of any proven error, outturn weights determined by Bunge using Bunge's weighing systems are final and binding and Bunge will have no liability whatsoever if the receival weight at the Customer's delivery or receival location is less than the outturn weight from the Site.

14.6 Bunge will use its reasonable endeavours to outturn the requested tonnage ordered by the Customer, however cannot guarantee the exact tonnage loaded will match the related outturn request.

14.7 If the circumstance described in clause 14.6 occurs and results in a smaller ownership entitlement, the remaining ownership will be subject to clauses 19, 20 or 21 (as applicable).

15. OUTTURN STANDARDS

Bunge's obligation to outturn is subject to such outturn standards set out in Schedule 2 and as otherwise

published by Bunge from time to time on the Bunge Website (Outturn Standards).

16. MOVEMENTS

16.1 Bunge has the right to move the Grain from a Site including the Site of Origin (a **Movement**) if, in Bunge's reasonable opinion:

- A. the Site fills (or is expected to fill) during the Season;
- B. consolidation of small quantities of Grain is required for the efficient operation of Bunge's Site (including where the volume of Grain stored in a cell is less than a level that requires sweeping);
- C. the quality of the Grain that has been received threatens to contaminate other customers' Grain;
- D. it is operationally efficient to move the Grain; or
- E. the Customer delivers to a Bunge defined Export Select Only Site (refer to section 14.4).

16.2 Subject to section 16.3, if Grain is moved in accordance with section 16.1:

- A. the Customer will bear or be compensated for any additional costs or charges that may arise out of the relocation relative to the Site of Origin as determined by Bunge acting reasonably and on a case-by-case basis; and
- B. additional charges incurred including accumulated monthly carry, outturn and port in-loading may also be applicable, but Bunge agrees to take reasonable steps to consult with the Customer if, as a result of Grain being moved, the Customer will be required to bear additional costs.

16.3 The Customer will not be entitled to any compensation for a movement of Grain under section 16.1C if the contamination or risk of contamination was caused or materially contributed to by an act or omission of the Customer or its Deliverer.

17. SEASON CLEARANCE

17.1 To enable the efficient management of Grain at a Site at any time following the Season, Bunge may (acting reasonably):

- A. For tonnage 2.0 tonnes and above in consultation with the Customer, provide written notice to the Customer requesting the Customer to either outturn or transfer any Grain

(**Season Clearance Notice**), with which Notice the Customer must comply as soon as practicable;

- B. For tonnages less than 2.0 tonnes facilitate the acquisition of the Grain at Fair Market Value by a Grain Buyer as reasonably determined by Bunge.

17.2 This section 17 does not limit Bunge's right to move the Grain and adjust costs in accordance with section 16.2.

17.3 The Season Clearance Notice will identify the relevant Grain still in Customer ownership and specify a date by which the Customer must comply with the Season Clearance Notice.

17.4 If the Grain remains in warehouse ownership following the specified date in the Season Clearance Notice, Bunge may:

- A. facilitate the acquisition of the Grain the subject of the Season Clearance Notice at Fair Market Value by a Grain Buyer as reasonably determined by Bunge; or
- B. continue to store the Grain the subject of the Season Clearance Notice, charge the Customer in accordance with these Terms and reserve the right to issue another Season Clearance Notice under section 17.1A at any time in the future.

17.5 If Bunge exercises its rights under sections 17.1B or 17.4A, it is entitled to retain out of any sale proceeds all outstanding Charges owed by the Customer to Bunge on any account, and the reasonable costs of arranging the sale and outturn of the Grain to the Grain Buyer.

17.6 No delay by Bunge in exercising its rights under this section operates as a waiver, nor shall any single or partial exercise of any right or remedy prevent any further or other exercise or the exercise of any other right or remedy. The Customer releases Bunge and must not make any claim in respect of any Loss suffered by the Customer as a result of or in connection with Bunge exercising its rights under this section (including in respect of any delay in exercising its rights resulting in a change in Fair Market Value).

17.7 At any time on the written request of a Customer, Bunge may agree (and Bunge will not unreasonably withhold or delay such agreement) to facilitate the sale of Grain on behalf of the Customer in accordance with sections 17.4 and 17.5.

18. UNCLAIMED GRAIN

- 18.1 Where Grain is deemed to be unclaimed under the Unclaimed Goods Act 1987 (SA), or Bunge is unable to determine the correct ownership of the Grain (having regard to the NGR), then that Grain will be held by Bunge for a reasonable period of time, and for not less than 3 months.
- 18.2 Following expiry of the period referred to in section 18.1, Bunge may deal with such unclaimed Grain in such manner it deems appropriate in the circumstances (acting reasonably). This may include (but is not limited to), writing-off the Grain.

19. RECONCILIATION

Without limiting any rights under section 17.1A and 18, to enable the efficient management of Grain at a Site, up to 0.5 tonnes of any Grain still in Customer ownership nearing the end of the Season may be written-off by Bunge (acting reasonably).

20. ENTITLEMENT SHORTFALL ADJUSTMENT

If Bunge's system does not hold sufficient Grain of the type and specification of the Customer's Grain at the time the Customer exercises its Outturn Right, following good faith consultation with the Customer, Bunge will be entitled to satisfy any such Physical Shortfall by payment of compensation at Fair Market Value which shall discharge all and any claims the Customer may have in connection with the Physical Shortfall.

21. ENTITLEMENT SURPLUS ADJUSTMENT

- 21.1 Where the Customer has exercised an Outturn Right and has received an outturn quantity or quality in excess of that to which it was entitled, Bunge may issue written notice to the Customer requesting that the Customer (at Bunge's reasonable discretion):
- compensate Bunge by payment for that excess calculated at Fair Market Value; or
 - redeliver an equivalent value of Grain based on classification at the time of delivery; or
 - transfer other Grain of equal value (value determined by Bunge acting reasonably having regard to the quality and quantity),

specifying the time period by which the Customer must comply with the request being a reasonable period in the circumstances (**Excess Outturn Notice**).

- 21.2 If the Customer fails to comply with the Excess Outturn Notice in all respects within the time periods set out in the Excess Outturn Notice, the value of the excess quantity or quality of Grain that the Customer has received calculated at Fair Market Value immediately becomes a debt due and payable by the Customer to Bunge.

22. TRANSFERS IN-STORE

- 22.1 By executing a Transfer In-store (either directly or by instructions to Bunge pursuant to sections 22.9, 22.10 and 22.11), the Customer agrees to be bound to the relevant terms of use of the relevant Transfer In-store service, and to these Terms.
- 22.2 Bunge is not obliged to recognise any Transfer In-store if the Customer has not complied in all material respects with its obligation under section 27 and unless and until the purchaser of the Outturn Right agrees or has already agreed to be bound:
- if the purchaser is a marketer or trader of Grain (including a Grain Buyer), by the terms and conditions contained in, where applicable, Bunge's Storage & Handling Agreement, Port Terminal Services Agreement or any other agreement allowing access to Bunge's Port Terminals for the Service Year; or
 - otherwise if the purchaser is another Customer, by the terms and conditions of a Title Transfer Grower to Grower form, which will include an acceptance of being bound by these Terms.
- 22.3 The Customer accepts all risk associated with execution of a Transfer In-store and dealing with a purchaser, and agrees that Bunge will not be liable for, and the Customer must not make any claim in respect of, any Loss incurred by the Customer as a result of, or in connection with, the Customer's dealings with a purchaser of its Grain or the execution of a Transfer In-store of its Grain.
- 22.4 The Customer acknowledges that it is in its best interest to ensure that, if possible, Transfers In-store are negotiated on the basis of delivered weight, not shrunk weight.

- 22.5 The Customer agrees that the tonnage held and described in Ezigrain is to the value specified to three decimal places (.000), but that the tonnage will only be calculated to two decimal places rounded up or down when transferred to a purchaser defined in 22.2A or 22.2B.
- 22.6 Bunge may post Purchase Options on behalf of Grain Buyers at Sites and/or through Bunge Communication Tools and/or on Ezigrain, in its sole discretion. The Customer acknowledges that, in respect of any Purchase Option, Bunge makes no representations with respect to the operations of a Grain Buyer including its financial viability, the accuracy of prices posted or the terms and conditions under which it operates.
- 22.7 Without limiting these Terms, the Customer agrees that the Purchase Option price recorded on a Weighnote or Transfer In-store (the **Recorded Price**) will be final regardless of whether it corresponds exactly with the latest applicable price for that Purchase Option advised to Bunge by the applicable purchaser (including a Grain Buyer) or the latest applicable price published through Bunge Communication Tools (the **Customer Price**). In the event that the Recorded Price differs from the Customer Price (**Price Difference**), the Customer acknowledges that:
- A. the Price Difference does not constitute a "proven error" for the purposes of section 8.5;
 - B. the Weighnote will not be amended to take into account the Price Difference (either by an increase or decrease in the Recorded Price); and
 - C. Bunge will not be liable for, and the Customer must not make any claim in respect of, any Loss incurred by the Customer as a result of, or in connection with, the Price Difference except to the extent this results from the gross negligence of Bunge or any of its employees, contractors or agents.
- 22.8 Transfers In-store may be initiated by the Customer providing instructions by verbal, written, or electronic communication to Bunge.
- 22.9 To nominate Grain for a Transfer In-store, Bunge may rely on any instruction (either verbal, written or electronic communication) which reasonably appears to have been communicated by or on behalf of the Customer (and may assume that instructions have been issued by or on behalf of the Customer for Transfers In-store via Ezigrain).
- 22.10 upon receiving and accepting instructions (pursuant to section 22.9 and this section 22.10):
- A. Bunge is authorised to effect the Transfer In-store for and on behalf of the Customer. For this purpose, the Grower irrevocably appoints Bunge as its agent and attorney.
 - B. Bunge will seek the purchaser's acceptance of the Transfer In-store and confirm completion to the Customer.
- 22.11 A Customer may utilise the Warehouse to Cash service (and may execute a Transfer In-store itself directly by use of this service) pursuant to these Terms, and the following specific terms:
- A. A Customer may select up to 250 mt of its Grain (of one Grade, at one Site) at a time to Transfer In-store to a Grain Buyer using Warehouse to Cash.
 - B. A Grain Buyer will notify Bunge of the live cash price for which it will purchase Grain, which will be published through Ezigrain or other Bunge Communication Tools. It is the Customer's responsibility to review this live cash price.
 - C. The Customer acknowledges and accepts that by transferring a parcel of Grain to a Grain Buyer using Warehouse to Cash, the Customer has accepted the cash price offered by the Grain Buyer using this Warehouse to Cash service, such acceptance being binding upon the Customer.
 - D. The live cash price offered by the Grain Buyer is not guaranteed until the Transfer In-store has been submitted using this service. Prices are subject to change or can be withdrawn by the Grain Buyer at any time.
 - E. If nominating Grain for Transfer In-store using this service against Sustainable Cash, the Customer acknowledges and warrants that:
 - i. It is the Customer's responsibility to ensure that it has the relevant Sustainable Accreditation in place with the Grain Buyer; and
 - ii. Bunge has the right to determine (acting reasonably) whether the Customer has appropriate Sustainable Accreditation in relation to the Grain nominated;
 - iii. In the event the Customer does not have the required Sustainable Accreditation in place, Bunge may prohibit the Transfer In-store from proceeding, and payment to the

Customer for such sale may be withheld by the Grain Buyer until such Sustainable Accreditation is completed and in place.

- F. The Customer acknowledges that the warranties, representations and acknowledgements described in these Terms as relate to Warehouse to Cash do not limit or otherwise derogate from those made by the Customer in accordance with the Ezigrain General Terms and Conditions of Use.

23. EFFECTIVE DATE OF TRANSFERS

The activity date, for charging purposes, of a Transfer In-store will be the date that Bunge receives instructions from the Customer to effect the transfer. The effective date of a Transfer In-Store will be the date the Customer nominates to effect the transfer. Bunge will use its reasonable endeavours to process a transfer within 48 hours of receipt of instructions.

24. CARRIER/DELIVERER ACTING ON CUSTOMER'S BEHALF

24.1 Where:

- A. a Deliverer seeks Services (whether in respect of a Load or otherwise) on behalf of the Customer; and
- B. the Deliverer:
 - i. is in possession of the Customer's NGR or NGR information; or
 - ii. the Customer has previously advised or represented to Bunge that the person has the authority to seek and obtain Services on behalf of the Customer,

that person will be treated as the agent of the Customer and the Customer will be bound by the actions of that person.

24.2 Where the Customer engages a Deliverer to make a Transfer In-Store, the Customer will be required to provide Bunge with written confirmation that the Deliverer is acting on behalf of the Customer.

24.3 As between Bunge and the Customer, the Customer is at all times responsible for the acts and omissions of its Deliverer under or in respect of these Terms (including failure to comply with any portion or all of these Terms).

24.4 Bunge may, but is not bound to, take any notice of or act on any absence, countermand,

revocation or withdrawal of authority that is not in writing and given by all interested parties.

25. PROVISION OF INFORMATION AND ASSISTANCE

25.1 The Customer must promptly provide to Bunge all information and assistance requested from time to time relating to or in connection with the Services, a Load, the Customer or its Deliverer, which Bunge reasonably requires (such as obtaining consents, and completing and signing documents) to perform its obligations under, or exercise its rights in respect of, these Terms.

25.2 When making any decisions or enforcing its rights under these Terms, Bunge will act reasonably.

25.3 It is the Customer's responsibility to provide true and accurate personal information; and ensure any change to the information is advised to National Grower Register Pty Ltd for the purpose of updating Bunge.

26. CHARGES

The Charges for the Services can be found in the Storage & Handling Service Fees Document through Bunge Communication Tools or Ezigrain. The Charges for Transfers In-store include the Receival Service Fee and accumulated monthly carry debt. Administration charges may apply to some Transfers In-store. In the instance of self-outturn, a domestic outturn charge applies for outturns from Bunge Sites.

27. PAYMENT, LIEN AND HOLDING OF GRAIN

27.1 All accrued charges and any costs payable on any account in respect of Grain that is the subject of the Outturn Right must be paid in accordance with the invoice properly rendered by Bunge. The full amount of an invoice rendered by Bunge must be paid by the Customer within 15 days from the date of that invoice.

27.2 In the event that Charges (including but not limited to freight expenses and costs which have accrued prior to the date of Outturn) have not yet been paid, and the Grain is subject to a Transfer In-store in which the purchaser has agreed to accept

responsibility for payment of Charges, Bunge may invoice that applicable purchaser.

27.3 Despite section 27.2, each Customer remains jointly and severally liable to Bunge for payment of all Charges.

27.4 The Customer acknowledges and agrees that Bunge will have a first and paramount lien on the Customer's Grain to satisfy Customer Obligations. The Customer also grants a security interest to Bunge and Bunge Companies over the Customer's Grain and any proceeds of sale thereof as security for the payment of Customer Obligations. Bunge may nominate any particular quantity of Common Stocked Grain as the Customer's Grain for the purpose of enforcing its lien and/or security interest. The Customer irrevocably appoints Bunge as its agent and attorney to sell a sufficient quantity of the Customer's Grain (Bunge will take reasonable steps to sell at Fair Market Value) to satisfy Customer Obligations whether under the lien and/or the security interest or otherwise and to account to the Customer for any balance of sale proceeds. Any such sale of the Customer's Grain reduces the Customer's Outturn Right commensurately.

27.5 Either party may in its discretion deduct from, set-off against and/or otherwise reduce or deem satisfied any obligation it may have to the other party (which, for Bunge, will not exceed the Customer Obligations).

27.6 Notwithstanding and without limiting anything else in these Terms, Bunge in its absolute discretion may place a temporary hold on all or a portion of the Customer's Grain at any stage if it believes that due to any liability, breach, indemnity, error, mistake, circumstance, fact or other thing whatsoever there may, will or might now or in the future be undischarged Customer Obligations.

27.7 In relation to section 27.6, when a temporary hold is in place, the Customer may be restricted by Bunge (acting reasonably) in the manner in which the Customer can deal with or transact their Grain subject to the temporary hold.

28. PERSONAL PROPERTY SECURITIES LAW

28.1 Bunge acknowledges and agrees that the Customer has a purchase money security interest (**PMSI**) over the Customer's Commodity and any proceeds of

sale thereof for the purposes of the PPSA and that the Customer or its Deliverer may register the PMSI on the Personal Property Security Register.

28.2 On delivery of Grain to Bunge, the Customer acknowledges and agrees that Bunge has control of the Grain for the purposes of the PPSA and for the exercise of Bunge's rights under section 27.4.

28.3 The parties agree, at their cost in all things, to do anything (such as obtaining consents, signing and producing documents, getting documents completed and signed and supplying information) which the other party, acting reasonably, asks and considers is required for the purposes of:

- A. ensuring that any security interest the other party has under these Terms is enforceable, perfected and otherwise effective;
- B. enabling the other party to apply for any registration, complete any financing statement or give any notification, in connection with the security interest so that the other party has the priority it requires; or
- C. enabling the other party to exercise rights in connection with its security interest and/or lien under these Terms. Each party agrees to pay or reimburse the reasonable costs of the other party in connection with anything done by that other party in connection with the enforcement of any such security interest or of any lien over Commodity of the Customer.

28.4 The parties acknowledge and agree that they are not entitled to receive any notice from the other party under the PPSA (including notice of a verification statement) unless the notice is required by the PPSA and the requirement to give it cannot be excluded.

28.5 The parties agree that they must not disclose any information of the kind referred to in section 275(1) of the PPSA.

28.6 If there is any inconsistency between the Customer's and Bunge's rights under this section and its rights under Chapter 4 of the PPSA, this section prevails.

28.7 The parties acknowledge and agree that unless otherwise defined in these Terms, terms and expressions used in this section 28 have the same meaning as given to them under the PPSA.

29. DEFAULT INTEREST

The Customer shall pay interest on overdue monies calculated at the rate of 3% above the corporate

overdraft reference rate offered by the Commonwealth Bank of Australia calculated on a daily basis from the due date for payment to the date on which all such outstanding monies, plus the accrued interest, are paid in full.

30. LIABILITY

The Customer will indemnify and hold Bunge harmless against all Loss arising out of or in connection with these Terms or receipt of the Services (limited to the following):

- A. any acts by, or omissions of, the Customer (or any person acting on behalf of the Customer or the Customer's Deliverer) at the Site (including acts or

omissions causing or contributing to any loss of, or damage to, any property of any person, and any injury to, or death of, any person);

- B. any overloading of a vehicle containing any Grain;
- C. any claim by a third party to a lien, charge or other security interest in the Grain or the Outturn Right;
- D. any claim by a third party relating to the acts or omissions of the Customer in respect of the Grain or any Transfer In-store;
- E. any material breach of these Terms including any warranty or representation given by or on behalf of the Customer in respect of the Grain that is brought to, or unloaded at, the Site by the Customer or the Deliverer;
- F. damaged or contaminated Grain (including fertiliser, containing genetically modified variety or varieties, and residue affected Grain) at the risk of the Customer;
- G. any claim by a third party in relation to the whole or any part of a Load that is the subject of Services, except to the extent that such Loss was caused by a negligent act or omission of, or default by, Bunge or any of its employees, contractors or agents;
- H. any material inaccuracy in warranties made by the Customer (or on behalf of the Customer) by agreement to these Terms or by Delivery Declaration or Digital Delivery Declaration.

- 32.1 In receiving the benefit of these Terms, the Customer must at all times comply with (and ensure that its relevant Deliverer or Deliverers comply with) all Laws including, where applicable, all Road Safety Legislation.

34. INFORMATION USE & DISCLOSURE
