- Enable notifications
- Scroll thru your personalized news feed
- Use the shortcuts at the top of the Latest feed to access helpful resources
- Translate posts into your local language
- Like, comment and post to join the conversation
- Tell a colleague to join!

Our Bunge Values and GoConnect

Our Values guide the actions each of our employees take every day in fulfilling our purpose. These values also guide our actions on the GoConnect app. Please use the GoConnect app to stay aware of Bunge news and info and share your positive comments, likes and great questions. Opinions may be expressed, but any comment or content that is not in line with Bunge's culture and values, Code of Conduct or Communications policy may be removed.

While on GoConnect, employees should:

- Keep our Bunge values in mind when commenting or posting content: Act as One Team. Drive for Excellence. Do What's Right.
- Discover, read, join channels, comment, like and share when allowed.
- Post appropriate content in channels that allow user-created content.
- Understand that first and last names will accompany all posted comments and content.
- Send your positive support and ask good questions. Consider a more private, direct channel if you plan to express negative viewpoints.
- Comply with the FirstUp Terms of Service and Privacy Policy, the [Bunge Code of Conduct](#) and [Communications Policy](#) when using GoConnect.
- Contact GoConnectSupport@bunge.com for technical support.

While on GoConnect, employees should not:

- Share inappropriate content, as defined by Bunge's [Code of Conduct](#) and the [Communications Policy](#).
- Harass, bully or otherwise threaten the safety of anyone at Bunge.
- Share any content from the app to external sites, systems or platforms except when using the Share button for content on which it is activated.

Questions & Answers

What is GoConnect?

GoConnect is an employee app that provides real-time Bunge news and updates from our locations around the world – anytime, anywhere. For the first time, all employees have the ability to connect with their global colleagues, like and comment to join the conversation and post their own content.

Can I download GoConnect if I don't have a Bunge-issued phone?

Yes! GoConnect can be downloaded both to Bunge-issued or personal smartphones.

Can I access GoConnect while at work?

Safety and your direct team deliverables should always come first while at work. Please ensure you are following site rules for where/when you are able to access a mobile device.

Will I get compensated for the time or data I use while on GoConnect?

No, using GoConnect is voluntary. Since the app's data usage is minimal, there will be no stipend or compensation for using it.

Will downloading GoConnect give Bunge access to my personal information and data on my phone?

Bunge will NOT have access to data on your phone outside of the app. Specific employee data (employee number, Bunge email address, Bunge work location, department) may be collected to support functionality of the GoConnect app. The company will not be able to monitor your location. Bunge does not collect personal email addresses on the GoConnect app.

How do I get help with GoConnect?

Send an email to GoConnectSupport@Bunge.com.
