

## Certificate

according to the Revised Renewable Energy Directive (RED III)

(Directive (EU) 2023/2413 of the European Parliament and of the Council of 18 October 2023  
amending Directive (EU) 2018/2001)

**Certificate Number: EU-ISCC-Cert-DE100-31534126**

SGS Germany GmbH

Europa Allee 12, D-49685 Emstek

certifies that

**Bunge Loders Croklaan B.V.**

Grote Steng 1

1551 NL Westzaan

NETHERLANDS

complies with the requirements of the certification system

**ISCC EU**

**(International Sustainability and Carbon Certification)**

and the requirements of the RED III.

Place of the audit:

see above

**This certificate is valid from 11.09.2026 to 10.09.2027**

The site of the system user is certified as:

point of origin, trader with storage

The scope of the certificate includes the following chain of custody options:

mass balance

Emstek, 11.09.2026

Place and date of issue

**SGS**  
**SGS Germany GmbH**  
Stamp, Signature

| 1 | * Please indicate which scope(s) handle the material in case the certificate covers more than one scope. This does not apply for the following scopes: Trader, Trader with storage, Warehouse, Logistic Center, MTBE and ETBE plant                                                                                                                                                                           |  |
|   | 1: Default value                                                                                                                                                                                                                                                                                                                                                                                              |  |
| 2 | 2: Actual value                                                                                                                                                                                                                                                                                                                                                                                               |  |
|   | 3: NUTS 2 value or "NUTS2-equivalent" value. A "NUTS2-equivalent" value is a GHG value for cultivation in a "NUTS2-equivalent" region of a country outside the European Union (values are implemented by the European Commission). Option 3 is only applicable for the level of cultivation, i.e. for first gathering points, farms/plantations, central offices (group of farms or independent smallholders) |  |
| 3 | A: The raw material meets the definition of waste or (processing) residue according to the RED III                                                                                                                                                                                                                                                                                                            |  |
|   | B: The raw material complies with the relevant sustainability criteria according to Art. 29 (2)-(7) RED III                                                                                                                                                                                                                                                                                                   |  |
| 3 | ISCC EU add-ons (voluntary application, see <a href="http://www.iscc-system.org">www.iscc-system.org</a> for further information):                                                                                                                                                                                                                                                                            |  |
